

Fire Impacts and Benefits

Determine who benefits from each of these impacts. Choose from: humans, other animals, plants, or all three.

1. Reduce hazardous fuels
2. Dispose of logging debris
3. Prepare sites for seeding/planting
4. Improve wildlife habitat
5. Manage competing vegetation
6. Control insects and disease
7. Improve forage for grazing
8. Enhance appearance
9. Improve access
10. Perpetuate fire-dependent species
